Subject: Henry Keogh Fund and The Grand Jury of South Australia

**The Australian Justice
Tribunal**

Dear Jay,

The Grand Jury of South Australia has activated its website, www.GrandJurySA.org, in readiness for their drive (program) to effect the acquittal and release of Henry Keogh. This website will be used extensively to educate constituents within all electorates; "Reasons for Acquittal" being the most powerful tool in that education process.

From this point on the Organisation itself will keep you updated as its support base in regional and metropolitan South Australia grows. The success of their Twitter and Facebook squads will be of particular interest to all of us.

And on the subject of the Henry Keogh Fund, the directors of The Australian Justice Tribunal will be registering this 'Necessitous Circumstances' fund with ASIC no later than 9 April 2012.

I will be advising the balance Members of South Australia's parliament over the next few days.

Kind Regards,

Garth
